# TONOPAH DAILY BONANZA

Today's Silver  
Quotation, 58 1-4

VOL. XI. NO. 115

TONOPAH, NEVADA, SATURDAY EVENING, MARCH 9, 1912.

PRICE 10 CENTS.

## PRESIDENT TAFT'S SPEECHES ARE ON THE THEME OF "PROSPERITY"

**Presidential Campaign In Ohio Has Opened  
--Several Rear-Platform Talks Will Be  
Made By Taft In Next Three Days.**

ALLIANCE, Ohio, March 9.—President Taft began his three days' campaign in Ohio and Illinois yesterday with a long talk about political conditions in Ohio with L. C. Laylin and William H. Miller, two of the Taft leaders. Mr. Laylin said that "things are looking up in Ohio."

The president probably will make many rear platform speeches in Ohio. At Salem the factories shut down for 15 minutes and a great crowd awaited the arrival of the train. The president had no opportunity to address the crowd.

The president made his first rear platform speech at Alliance. He preached prosperity and said in part:

"Prosperity is the first thing that we should seek, because it means happiness to everybody. We may have a prosperity that is merely specious. We may have our mills running to the full, and yet there may be something of corruption in society and in the violation of law through trusts and combinations and discriminations of railroads that make that prosperity one that really does not help us in the end."

"But, omitting that and assuming that business is obeying the law—and we are trying to make them obey the law—it is prosperity and business that we should look to and the agitation that creates lack of confidence among those who have capital to invest is not for the good of the people."

"Therefore what we want is, as far as we can, to have the quiet confidence that makes everybody look after his own business and put as much money in it as he can, and then jobs will be many, wages will go up, we will all have money to buy shoes for our children and those of us that like comfort can enjoy it."

"What I would press on you and what I would press on myself is the necessity of inspiring confidence in our government. It is wise that we should not cultivate hostility between classes, between persons similarly situated, but we should all have confidence in each other be-

cause we are in the same boat."

"If we have prosperity then it is the poorest man that gets the best out of it. When we don't have prosperity the rich can be comfortable still, but it is the poor man that suffers."

MANFIELD, O., March 9.—"Do not let the lion tamer get you," shouted a man in the crowd at Canton when the president finished his speech. The crowd laughed and Mr. Taft smiled, but said nothing.

"We do not believe in high tariff," the president said at Canton, "but we believe in tariff enough to preserve our industries and give them a living profit, so that they can pay good wages and that we can all be happy."

LEXINGTON, Ky., March 9.—Additional interest in the contest between Taft and Roosevelt forces for the delegation from this county to the seventh congressional convention is given by the announcement that brother are rival candidates, representing the warring factions for chairman of the county convention, which meets April 6. Thomas C. McDowell, widely known as a turfman, is the Roosevelt candidate and W. C. McDowell, general manager of the Lexington & Eastern railroad, is the Taft candidate.

TRENTON, N. J., March 9.—William R. Page of Atlantic City, who announced that he would support President Taft for the renomination yesterday filed a petition with the secretary of state to have his name placed on the primary ballot as a candidate for delegate to the republican national convention.

The petition of Mr. Page, who lives in the second New Jersey congressional district, is the first to be filed in the interest of Mr. Taft.

ST. LOUIS, March 9.—Managers of President Taft's campaign in St. Louis refused yesterday to accept the proposal of the Missouri Roosevelt club to hold a direct primary to settle the Taft-Roosevelt contest in St. Louis. The reply of the Taft forces says the Roosevelt followers want primaries only where they are in control and that the proposal was not made in good faith.

## CALLED TO HER ETERNAL REST

This morning at 1:15 o'clock the Angel of Death entered the home of our esteemed townsman, Mr. W. R. McFadden, and took from it the beloved wife and mother, Mrs. Constanza Melinda McFadden. For the past two years the deceased lady had been ailing and it was decided that an operation was necessary to restore her former good health. On the 29th of February the operation was performed, and for several days afterward was much improved in health. Yesterday morning a change for the worse occurred and the esteemed lady rapidly began to sink. The sad end came at the hour stated above. The deceased lady had resided in this state for the past forty years, moving to Panaca, Lincoln county, with her parents when 19 years of age. At the time of her death she was in her 52nd year of life. About two and a half years ago she moved from Panaca to Tonopah with her daughter and son, to reside here with her husband, who came to Tonopah in his early days. During her residence here Mrs. McFadden had endeared herself to all of her acquaintances, she being of a lovable disposition, and her demise causes deep sorrow in many hearts today in Tonopah. Besides the devoted husband, the deceased lady leaves to mourn her demise, three loving children, Mrs. Floyd B. Spencer, of Mound House; William McFadden of Tonopah, the latter two with the father, being at their mother's bedside when she was called forever from them, and Mrs. E. A. Nightingale of Idaho Falls. The funeral will be held from St. Mark's Episcopal church Monday afternoon at 2 p. m.

The sympathy of this community is extended to the relatives in their loss of a devoted and loving wife and mother.

May her eternal rest be sweet and peaceful.

### PRESBYTERIAN CHURCH.

Presbyterian church, St. Patrick street, Rev. Herman L. Burnham, minister. Evening service, 7:45, subject: "Have We Outgrown Christ's Teaching of Sacrifice?" Good music. Bible school, 10 a. m.; sermon, 11 a. m., subject, "Shobo and Salina," illustrating life in Africa. Young people's meeting at 6:30 p. m., leader, Miss Seller. You are cordially invited to all the services of this church.

### GEORGE BECKLEY IMPROVES EACH DAY RAPIDLY

A wire from the Sisters' hospital in Sacramento this afternoon says George Beckley is doing nicely and improving each day. It is now believed that he has passed the critical stage and will recover.

## ELKO GAMBLER SENTENCED TO ONE YEAR IN PRISON

**Petition for Parole Being Circulated By Jurors—Perjury Charge Against Juror Street--Local Business Men of Elko Circulate Petition for Parole.**

ELKO, Nev., March 9.—Jack Maher, who was the proprietor of a roulette game raided here July 28, when Maher and four members of an "ocean-to-ocean" automobile party were arrested, was sentenced yesterday to one year in the state prison. A petition for his parole is already being circulated by local business men, including members of the jury.

The members of the automobile party forfeited their bail of \$250 each. The case is said to have been one of the most bitterly fought legal battles over gambling in the history of the state.

Judge Carler and Attorney Martinson of Reno assisted District At-

## ANOTHER RICH STRIKE REPORTED OVER NEAR IONE

Word was received in Tonopah yesterday that two prospectors who have been working on Bald mountain, five miles from Ione, have opened up a big body of high grade gold ore, and have already disposed of the property by option to the Forman-Murphy-Jarvis interests. C. K. Jarvis, who has charge of the syndicate's work in that section, is at the new strike and has put a number of men at work on it. On the Midas company's property, which is owned by the same people, three sets of leasers are now at work and two more will get started during the coming week.

## TONOPAH'S REGU- LAR MONTHLY PAY DAY TODAY

Today is the regular monthly payday of all the mining and milling companies in Tonopah. A sum in the neighborhood of \$238,000 is being paid to employees today. It is figured that the pay has been increased nearly \$15,000 over that of February, a larger number of men being employed. This amount of coin being distributed monthly speaks well for a population of 5000. Most of this money will be invested in Tonopah stocks, as the miners and mill men know "what's what" in the stock game. There are hundreds of thousands of shares of Tonopah and Goldfield mining stocks held and owned by Tonopah's laboring class.

### A CARD PARTY.

The Fraternal Brotherhood will give one of their enjoyable card parties on next Tuesday evening at their lodge rooms. All are cordially invited.

### HOME FOR NEGLECTED CHILDREN OF NEVADA

Rev. W. D. Best of Los Angeles is in Tonopah in the interest of the Children's Home Society of California, representing the Nevada auxiliary branch of it. This society looks after homeless and neglected children. Good homes are secured for the little waifs that would otherwise not occur, if it were not for this society.

### ST. MRK'S CHURCH.

Sunday school at 10 a. m.; morning prayer and sermon, 11 a. m.; evening prayer and sermon, 7:30 p. m. All are cordially invited. Rev. George Gallup, rector.

## 5 KILLED AND 71 INJURED WHEN CARS ARE WRECKED

**Cars Roll Over Embankment and Crash Into Mass of Ruins—Heavy Locomotive Snaps Frost Laden Rail.**

DANVILLE, Ill., March 9.—In rounding a curve on a 30-foot embankment at Redwood Creek bridge, two miles west of West Lebanon, Ind., the westbound Continental limited on the Wabash railroad left the rails last night and rolled down an incline, killing five and injuring 71 persons.

Seven coaches of the train were crushed into a pile at the bottom of the embankment leading to the creek, and it is feared more dead are in the crumpled cars. Snow and ice made the work of clearing the wreckage slow and dangerous.

Two of the dead women are Mrs. U. G. Good and Mrs. S. R. Grant of Adrian, Mich., and the others were a Pullman porter and two unidentified men.

Among the seriously injured are Fred Henshein, St. Louis, traveling auditor of the Wabash; T. H. Robertson, Camden, N. J., and William Bridwell, a Wabash signalman.

The train was late and traveling at forty miles an hour when a rail broke under the weight of the engine. The engine stayed on the

track but all coaches, including a mail car, baggage car, express car, day, parlor and three sleeper were hurled from the track and rolled over and over down the embankment. The sleepers were empty when the wreck occurred. In the parlor car were about thirty persons. More were injured in the day coach, the front end of which rolled into the creek. The steel framed mail car suffered the least and stood intact among the mass of wreckage. Five clerks escaped with bruises.

The injured were taken to Danville, while residents of the nearby village aided the sufferers with hot coffee and bandages until the relief train arrived.

OTTAWA, Ont., March 9.—Five were killed and several injured in a wreck on the Canadian Pacific railroad west of Hull, Quebec, yesterday.

SOCIAL CIRCLE, Ga., March 9.—Four were killed and nine injured, six seriously, when a passenger train No. 4 of the Georgia railroad, which left Atlanta at midnight, collided head-on with a freight train three miles from here at 6:15 o'clock yesterday morning. Those killed were negroes.

## FOUR MEET DEATH IN WRECK IN SOUTH

**Head-On Collision Has Fatal Results---Nine Passengers Injured---Two Engines Demolished.**

SOCIAL CIRCLE, Ga., March 9.

Four persons were killed and nine injured, six of them seriously, when passenger train No. 4 of the Georgia railroad, which left Atlanta at midnight, collided head-on with a freight train three miles from here at 6:15 o'clock yesterday morning. Those killed were negroes.

They were pinned beneath the negro coach, which was telescoped by the baggage car. The two locomotives were demolished by the force of the crash.

The first-class passenger coach and the Pullman cars remained on the track and while some of the sleeping passengers were considerably shaken up, none of them were injured.

Before the trains actually crashed together a wrecking train was hurrying on its way to the point where they were expected to collide. A freight conductor who dis-

covered an error that would cause a wreck gave the alarm.

Three men knew the trains were going to crash but were powerless to prevent it. The freight, running in two sections, was ordered to take the siding at Rutledge for a passenger train but the orders were forgotten and the first section of the freight failed to stop. As the second section reached Rutledge, Conductor Allen saw the tall lights of the first section disappearing behind a bend in the track. He called up the operator at Social Circle and was told the passenger train had left. He told the operator that the first section of the freight had left Rutledge but there was no hope of averting a collision. The operator at Social Circle called his train dispatcher at Augusta. "We're going to have a wreck," he told him. "Get out the wrecking train."

The dispatcher gave the orders.

## REBEL ARMY IS ON MARCH IN MEXICO

**Revolutionists Are Said to Have Seized \$5000 Worth of American Flour at City of Juarez**

EL PASO, Texas, March 9.—A special to the Herald from Chihuahua reports that Generals Salazar and Campa, with the vanguard of the rebel army, left for the south yesterday afternoon.

Henry Segerson, customs broker doing business in Juarez, complained to American Consul Edwards yesterday that the Mexican rebels had seized and confiscated \$5000 worth of flour in his warehouse in Juarez and asked redress. He wired the same information to Governor Colquitt of Texas.

Yesterday afternoon the rebels succeeded in importing 100,000 rounds of ammunition, several cases of arms and a machine gun barrel from El Paso to Juarez. The United States temporarily detained the stuff.

A breech block, sent from Chihuahua by the rebels yesterday for repairs for one of their cannon, was stolen in the night by Maderista agents from an El Paso foundry and Orozco's biggest cannon is ineffective.

### Rebels Are Busy.

CHIHUAHUA, Mexico, March 9.—General Pascual Orozco, head of the revolution in Mexico, sent out 500 men yesterday to look for Pancho Villa and his troops. It was desired to ascertain the disposition of his men rather than to bring on a fight.

There was an unimportant skir-

ish near Juarez yesterday. Only a few men were engaged and there were no casualties, it is reported.

The first movement south by the rebels may begin today. Orozco has ordered five trains held in readiness and approximately 1500 men will be sent.

Jimenez now is held by a small federal garrison. Orozco probably will remain here for the present. Jimenez is south of here between Chihuahua and Torreón and a skirmish occurred there yesterday between federals and rebels.

### ORE SHIPMENTS FOR THE PAST WEEK

The ore shipments for the past week for the various producing mines in the Tonopah district are as follows:

Mines	Tons
Tonopah Mining	3550
Belmont	2250
Montana	962
Tonopah Extension	1015
West End	725
West End (smelter)	50
MacNamara	520
Total	9072

The estimated value of all ores produced for the week is \$26,800.

## LARGE FORCE CLEARING GAS PLANT RUINS

Manager Connors, of the Nevada Gas company put a large force of men to work yesterday afternoon clearing the burned ruins caused by the fire of yesterday morning. Today the burned debris has nearly all been removed from the ground and tomorrow morning when the consulting engineer arrives from San Francisco, the work of rebuilding will be commenced. New machinery will be ordered by wire and inside of twenty days the company will be doing business at the old stand again. The rebuilding of the plant speaks volumes for Tonopah, proving to the outside world that our great mining city has a long lease of life; if it had not the gas company would not expend thousands of dollars, with no show of reimbursement. The people of Tonopah sympathize with the Nevada Gas company in their loss by fire, and assure them their support and patronage in the future. They also praise them in their prompt action in rebuilding their plant.

A house to rent? Try a Bonanza "want ad."

## HEATER PUMPS WATER INSTEAD OF FUEL OIL

**PUMPS OIL INSTEAD OF WATER AND VICE VERSA—STUDENTS GET HOLIDAY AS RESULT.**

RENO, Nev., March 9.—Roller skates were substituted for text books yesterday when the high school moved en masse upon the rink on the island. The occasion was due to the crude oil heater in the Mary S. Doten building going on strike.

It pumped water instead of oil or vice versa. At all events there was no possibility of obtaining good combustion until a leaky valve was repaired, so the classes were dismissed until afternoon.

### ATTELL THE FAVORITE—WOLGAST-MEHEGAN MATCHED

SAN FRANCISCO, March 9.—Abe Attell is 10 to 9 favorite over "Harlem" Tommy Murphy for the twenty-round bout tomorrow afternoon. Local experts say Attell is as good as ever. Wolgast accepted the challenge of Hughie Mehegan of Australia, provided he is given a \$5000 side bet.
